

Product Name:

Marine Algae Gel

Hydra-Lift Algae Gel

Intensive Marine Therapy for Dry & Sensitive Skin

Product Overview

Hydra-Lift Algae Gel is a professional-grade peel-off mask formulated with a potent base of **Sodium Alginate** extracted from brown seaweeds, now supercharged with **Hyaluronic Acid** and **Trehalose**.

Specially designed for dry, dehydrated, and sensitive skin, this advanced formula goes beyond simple hydration. It creates a "second skin" effect—a flexible, velvety matte film—that locks in moisture and facilitates the deep penetration of active ingredients. The mask provides an instant physical lifting effect, smoothing fine lines and contouring the face, while simultaneously flooding the skin with multi-layer hydration. The result is a complexion that looks instantly firmer, plumper, and radiantly healthy.

Benefits on Skin

- **Instant Physical Lifting:** As the gel dries and transforms into a film, it gently contracts, tightening the skin, reducing the appearance of fine lines, and improving facial contours.
- **Deep & Multi-Level Hydration:** The synergy of Algae, Hyaluronic Acid, and Trehalose ensures moisture reaches deep skin layers and prevents evaporation (TEWL).
- **Brightening & Even Tone:** Niacinamide works to reduce pigmentation and even out skin tone for a natural glow.
- **Soothing & Anti-Inflammatory:** Ideal for reactive skin, it instantly calms redness and irritation.
- **Softening & Mattifying:** Leaves a velvety, non-greasy finish, making it perfect for dry skin that is also sensitive to heavy oils.

Tip: This magical mask is gentle enough to be used every night for optimal, cumulative results.

Key Active Ingredients

- **Sodium Alginate (from Seaweed):** The core base that provides the physical lifting effect, deep hydration, detoxification, and improved microcirculation.
- **Hyaluronic Acid:** A powerhouse humectant that attracts and holds vast amounts of moisture, plumping the skin and reducing the depth of wrinkles.
- **Trehalose:** A natural sugar that protects skin cells from dehydration and oxidative stress, acting as a moisture guard to keep skin fresh and resilient.
- **Niacinamide (Vitamin B3):** Brightens the complexion, strengthens the skin barrier, reduces inflammation, and regulates oil production.
- **Dexpanthenol (Pro-Vitamin B5):** Deeply repairs, hydrates, soothes irritation, and aids in healing minor skin damage.
- **Allantoin:** Known for its anti-inflammatory properties, it softens the skin and promotes cell regeneration.
- **Glycerin:** Attracts moisture to the skin to ensure flexibility and softness.
- **Jojoba/Sweet Almond Oil:** Gentle emollients that mimic natural sebum to nourish without clogging pores.
- **PVP:** Enhances the texture and film-forming capability for a perfect, easy peel-off experience.

Paraben-free formula with mild preservatives (Phenoxyethanol + EHG).

How to Use

1. **Cleanse:** Wash skin thoroughly with a gentle cleanser.
2. **Apply:** Apply 8 grams of gel evenly over the face (approx. 8 pumps), covering the under-eye area and eyelids.
3. **Relax:** Let the mask sit for 20 to 30 minutes. Wait until it dries completely into a plastic-like, matte film.
4. **Peel:** Gently peel off the mask in one complete layer, starting from the edges.
5. **Rinse:** Rinse any remaining residue with lukewarm water (no cleanser needed).
6. **Finish:** Follow with a moisturizer suitable for your skin type.

Safety & Quality Assurance

- **Dermatologically Tested:** Proven safe for sensitive skin.
- **Free From:** Parabens, Sulfates, Artificial Fragrances, and Colorants.
- **Non-Comedogenic:** Will not clog pores.
- **Cruelty-Free:** Not tested on animals.

Precautions & Storage

- **Precautions:** For external use only. Avoid direct contact with eyes; rinse thoroughly if contact occurs. Perform a patch test before first use. Discontinue if allergic reaction occurs. Keep out of reach of children.
- **Storage:** Store in a cool, dry place (below 25°C) away from direct sunlight. Close the lid tightly after use to preserve texture.
